

Hi, I'm  
PRIYA RANJAN PANDEY

Personal Portfolio

## What I do

### CSS and HTML

I have completed multiple projects in the past and I plan on continuing to expand my knowledge of CSS and HTML. This page although inspired by other developers was created by myself. Please look at the next section to look at my earlier works that I have completed in the past on freecodecademy.

### My Achievements

Every day I continue to learn as much as possible from difference resources. I previously have completed a cyber security professional certificate through coursera where I completed 8 different courses including projects. All of the courses I have completed and the digital badges are complited at Credly. Which will be attached to my resume.

MY WORK

## Who I am
